ACDI/VOCA - USAID P.L. 480 Title II Food Security Program

Date: 23rd June 2011.

Letter of Recommendation for Kenfreight (U) LTD.

ACDI/VOCA is a private, non-profit organization with its Head Quarters based in Washington DC, USA. Within Uganda ACDI/VOCA is a USAID PL 480 Title II recipient and activities range from commodity monetization (for income generation purposes) to commodity distributions and Livelihoods & infrastructure activities in Northern Uganda.

Movement of large volumes of commodity is a recurring yearly activity within our program. Large volumes of wheat (bulk cargo), Corn Soy Blend and Vegetable Oil (break bulk) are imported each year from the USA through the Kenya/Mombasa Port and into Uganda.

As such, ACDI/VOCA has interacted with many Transportation Service Providers over the years, including Kenfreight (U) Ltd. In 2009 and 2010 Kenfreight transported a total of 20,080 MT of commodity for ACDI/VOCA (from Mombasa to Uganda). In 2011 Kenfreight was the sole winner of our FY11 Transport Tender for an estimated 21,120 MT. Their performance to date has been excellent.

I have no hesitations in recommending Kenfreight as an able, timely, highly flexible and professional Transport Service Provider.
